Tony Temerario, a Green Beret in Afghanistan, refers to his time serving his country as a privilege. Temerario's A-Team executed missions working with the Afghan National Army and police in support of the Provincial Government and the people of Afghanistan. Tony shared a quote from George Skypok in reference to his service: "All gave some, and some gave all. We did things others failed to do, we went where others feared to go. We lived times, most would say are best forgotten." When referring to those he served with, Tony said: "I have never worked with finer soldiers than the 1<sup>st</sup> Special Forces Regiment."
