

# Honoring Our Veterans

Telling Their Story

Mia

The American flag  
dances gracefully in the air  
As our soldiers trek  
through the battlefield with great care.

The Statue of Liberty  
guides them as they walk.  
So focused and steadfast  
Not one of them dare to talk

The sacrifices they make,  
What they are, we'll never know  
But we can honor them on Veterans Day  
Or anytime, at any place that we may go.

They have helped secure the place in which we live  
And created a safe place to be  
for America is a door  
and they are the key.

Overjoyed medals shine proudly  
As they are displayed  
Adorning their soldier's coat  
They are far from dismayed

Every person in our forces  
Shares their glory  
Together as we try  
To help tell their story.
